Professional Summary

Motivated Computer Science and Engineering student at IIIT Diu with a strong interest in software development and problem-solving. Familiar with C/C++, MySQL, Git, and software development fundamentals. Eager to apply technical skills, learn modern technologies, and contribute to real-world software engineering projects.

Education

Indian Institute of Information Technology – International Campus Diu Aug 2024 – May 2028
Bachelor of Technology (B.Tech) in Computer Science and Engineering
CGPA: 5.54/10

Technical Skills

Programming Languages: C, C++, JavaScript

Frontend: React.js, HTML5, CSS3

Backend: Node.js, Express.js

Database: MySQL

Caching: Redis

Tools & Technologies: Git, GitHub, VS Code, JWT, REST APIs, Nodemailer

Projects

NovaTix – Next-Generation Ticketing Platform 2025

[GitHub Repository](#)

React.js, Node.js, Express.js, MySQL, Redis, JWT, Nodemailer

- Developed a full-stack event ticket booking platform enabling users to browse events, select seats interactively, and complete secure ticket purchases.
- Implemented real-time seat reservation and availability locking using Redis to prevent double bookings during concurrent booking requests.
- Built secure authentication and authorization workflows using JWT and bcrypt, ensuring protected user access and account security.
- Designed and integrated RESTful APIs with Express.js and MySQL to manage events, bookings, users, and transaction data.
- Automated event reminders and status updates using scheduled background jobs and email notifications through Nodemailer.
- Created a responsive modern user interface in React.js featuring interactive seat mapping, smooth navigation, and enhanced user experience.

Certifications

AI Tools and ChatGPT Workshop August 2025

Issued by Be10X

- Learned practical applications of AI tools for productivity, data analysis, coding assistance, and presentation creation.
- Gained exposure to modern AI-assisted workflows and problem-solving techniques.

Extracurricular Activities

- Volleyball
- Table Tennis
- Movies

Areas of Interest

Software Development, Data Structures and Algorithms, Database Management Systems, Artificial Intelligence Tools, Open Source Learning
